

Join the PFJF Movement

You can join this nonviolent, peaceful movement by simply identifying yourself as a member of the PFJF movement. There are no dues, fees, or formal membership requirements, if you agree with some of the goals and objectives, you are a member when you say you are. The only exclusion is violence. The movement's primary aim is to achieve Peace on Earth: not only ending war but also preventing any avoidable human deaths caused by war, genocide, hunger, pollution, crime, environmental disasters, famine, plagues, or any other preventable cause
